2. Purpose of the SED

The Shipper's Export Declaration (SED), Commerce Form 7525-V, is used for compiling the official U.S. export statistics for the United States and for export control purposes. The regulatory provisions for preparing, signing and filing the SED are contained in the Foreign Trade Statistics Regulations (FTSR), Title 15 Code of Federal Regulations (CFR) Part 30.

3. Form or Method of Data Collection

(a) Paper

The Commerce Form 7525-V and its continuation sheet may be purchased from the Government Printing Office, (202) 512-1800, local Customs District Directors, or can be privately printed. Privately printed SEDs must conform in every respect to the official form. The SED Form 7525-V can also be downloaded from the Foreign Trade Division website at <www.census.gov/foreign-trade/www> on buff (yellow) or goldenrod colored paper for export use (see FTSR 30.3(b)).

(b) Electronic: Automated Export System (AES)

The U.S. Census Bureau and the U.S. Customs Service jointly offer an electronic method for filing shipper's export declaration information known as the Automated Export System (AES). Participants in the AES, who may apply for AES certification, include exporters (U.S. principal party in interest), forwarding or other agents, carriers, non-vessel operating common carriers (NVOCCs), consolidators, port authorities, software vendors, or service centers. Once certified by the Census Bureau, participants may file shipper's export data electronically using the AES in lieu of filing an individual paper SED for each shipment. The Census Bureau also offers a free Internet service for filing SED information through the AES called AESDirect. For additional information on AES and AESDirect go to the Foreign Trade Division website at <www.census.gov/foreign-trade/www> or <www.aesdirect.gov>.

For regulatory requirements on filing shipper's export information electronically through the AES refer to the FTSR, sections 30.60 through 30.66.

4. Preparation and Signature of the SED

The SED must be prepared in English, be typewritten or in other non-erasable medium. The original should be signed (signature stamp acceptable) by the exporter (U.S. principal party in interest) or its authorized forwarding or other agent. In all cases where a forwarding or other agent is preparing a SED or AES record on behalf of a principal party in interest (i.e. U.S. or foreign), the principal party in interest must authorize the forwarding or other agent to prepare and sign and file the SED or transmit the AES record on its behalf through a formal power of attorney, written authorization, or, for USPPIs only, by signing block 29 on the paper SED.

5. Requirement for Separate SEDs

A shipment is defined as - All merchandise sent from one exporter (U.S. principal party in

interest) to one foreign consignee, to a single country of destination, on a single carrier, on the same day.

A separate SED is required for each shipment (USPPI), including each rail car, truck, ocean vessel, airplane, or other vehicle.

The exporter (U.S. principal party in interest) may list more than one Commerce Department (BXA) license or license exception or a combination of licenses and license exceptions on the same SED or AES record. In addition, the exporter may combine "No License Required" (NLR) items with licensed items and license exceptions on the same SED or AES record. To avoid confusion when preparing the paper SED, goods licensed by other U.S. agencies, such as the State Department, should be reported on a separate SED from goods licensed by the Commerce Department. For AES transactions, multiple licenses can be reported on one transaction.

Where two or more items are classified under the same Schedule B number, the Schedule B number should appear only once on the SED with a single quantity, shipping weight, and value, unless a validated license requires otherwise or, the shipment consists of a combination of foreign and domestic merchandise classified under the same Schedule B number.

Shipments involving multiple invoices or packages should be reported on the same SED.

6. Presentation of the SED

- (a) Postal (mail) Shipments - the SED shall be delivered with the package at the time of mailing. (See the U.S. Postal Service's International Mail Manual). All mail shipments valued at \$2,500 or over, or that require an export license, require a SED.
- (b) All other shipments - the SEDs shall be delivered to the exporting carrier with the merchandise.
- (c) Exporting carriers are required to file the SED and manifest with Customs at the port of export.

The SED may accompany the merchandise or it may be delivered directly to the exporting carrier at the port of exportation.

In cases where a shipment does not require a SED based on the FTSR, a reference to the applicable section of the FTSR must be noted on the bill of lading, air waybill, or other loading document for verification that no SED is required. Detailed exemption provisions for when a SED is not required are contained in the FTSR, Subpart D, sections 30.50 through 30.58. For acceptable SED exemption statements refer to Foreign Trade Statistics Letter 168 (amendment 1). Also, see Section 8 below.

7. Correction to a SED

Corrections, amendments, or cancellations of data to a previously filed SED should be made on a copy of the originally filed SED (marked "Correction Copy") and filed with the Customs Director at the port of export.

For mail exports, corrections must be sent directly to the U.S. Census Bureau, National Processing Center. Attention: Foreign Trade Section, 1201 East 10th Street, Jeffersonville, Indiana 47132 as soon as the need to make such correction, cancellation or amendment is determined.

8. A SED is not Required In the Following Instances (SED Exemptions):
(Reference Sections 30.50 thru 30.58 of the FTSR)

A. Shipments where the value of commodities classified under each individual Schedule B number is \$2,500 or less and for which a validated export license is not required, except that a SED is required for exports destined to Cuba, Iran, Iraq, Libya, North Korea, Serbia, (excluding Kosovo), Sudan, and Syria. (See §30.55(h))

If a shipment contains a mixture of individual Schedule B numbers valued at \$2,500 or less and individual Schedule B numbers valued at over \$2,500, only those valued at \$2,500 or more should be reported on the SED. (See §30.55(h)(1))

When either all or part of the shipment does not require a SED, one of the following statements must appear on the bill of lading, air waybill, or other loading documents for carrier use:

1. "No SED required, FTSR Section 30.55 (h)".
2. "No SED required - no individual Schedule B number valued over \$2,500".
3. "Remainder of shipment valued \$2,500 or less per individual Schedule B number".

[Note: Refer to FTSR Letter 168 (amendment 1) for more detailed information on acceptable SED exemption statements.]

B. Shipments from the United States to Canada, except those: (See §30.58)

- (1) Requiring a Department of Commerce validated export license.
- (2) Subject to the Department of State, International Traffic in Arms Regulations regardless of license requirements.
- (3) Subject to Department of Justice, Drug Enforcement Administration, export declaration requirements.

[Note: For merchandise transhipped from the United States through Canada for ultimate destination to a foreign country, other than Canada, a SED or AES record is required.]

C. Shipments through the U.S. Postal Service that do not require a validated license when the shipment is valued at \$2500 or under.

D. Shipments from one point in the United States to another point in the United States by routes passing through Mexico, and shipments from one point in Mexico to another point in Mexico by routes passing through the United States.

E. Shipments to the U.S. Armed Services

- (1) All commodities consigned to the U.S. Armed Service, including exchange systems. (See §30.52)
- (2) Department of Defense Military Assistance Program Grant-Aid shipments being transported as Department of Defense cargo. (See §30.52)

F. Shipments to U.S. Government agencies and employees for their exclusive use.
(See §30.53)

G. Other miscellaneous shipments. (See §30.55)

- (1) Diplomatic pouches and their contents.
- (2) Human remains and accompanying receptacles and flowers.
- (3) Shipments of gift parcels moving under General License GFT.
- (4) Shipments of interplant correspondence and other business records from a U.S. firm to its subsidiary or affiliate.
- (5) Shipments of pets as baggage, accompanying or not accompanying persons leaving the United States.

H. Merchandise not moving as cargo under a bill of lading or air waybill and not requiring a validated export license.

- (1) Baggage and household effects of persons leaving the United States when such are owned by the person, in his possession at the time of departure and not intended for sale.
- (2) Carriers' stores, supplies, equipment, bunker fuel, and so forth, when not intended for unloading in a foreign country.
- (3) Usual and reasonable kinds and quantities of dunnage necessary to secure and stow cargo. (For sole use on board the carrier)

If the above shipments are moving under a bill of lading or air waybill, a SED is required, but Schedule B numbers should not be shown, and the SED should include a statement that the shipment consists of baggage, personal effects, and so forth.

If these shipments require a validated export license, the SED must identify the shipment as baggage, personal effects, and so forth, and must contain all of the information required on the SED.

I. SED for Personal Effects and Household Goods

- (1) A SED is required for personal effects and household goods only when the value of such items is \$2,500 or over. A schedule B number is not required for such items.
- (2) Personal effects and household goods destined for Canada do not require a SED

regardless of value.

9. Retention of Shipping Documents

Exporters or their agents must maintain copies of shipping documents for 5 years after exportation. Additional requirements for licensed shipments appear in the Export Administration Regulations.

10. Administration Provisions

The SED and its content is strictly confidential and used solely for official purposes authorized by the Secretary of Commerce in accordance with 13 U.S.C. Section 301(g). Neither the SED nor its contents may be disclosed to anyone except the exporter or its agent by those having possession of or access to any official copy. (See §30.91)

Information from the SED (except common information) may not be copied to manifests or other shipping documents. The exporter (U.S. principal party in interest) or the forwarding or other agent may not furnish the SED or its content to anyone for unofficial purposes.

Copies of the SED may be supplied to the exporter (U.S. principal party in interest) or its agent only when such copies are needed to comply with official U.S. Government requirements.

A SED presented for export constitutes a representation by the exporter (U.S. principal party in interest) that all statements and information are in accordance with the export control regulations. The commodity described on the declaration is authorized under the particular license as identified on the declaration, all statements conform to the applicable licenses, and all conditions of the export control regulations have been met.

It is unlawful to knowingly make false or misleading representation for exportation. This constitutes a violation of the Export Administration Act, 50, U.S.C. App. 2410. It is also a violation of export control laws and regulations to be connected in any way with an altered SED to effect export.

Commodities that have been, are being, or for which there is probable cause to believe they are intended to be exported in violation of laws or regulations are subject to seizure, detention, condemnation, or sale under 22 U.S.C. Section 401.

To knowingly make false or misleading statements relating to information on the SED is a criminal offense subject to penalties as provided for in 18 U.S.C. Section 1001.

Violations of the Foreign Trade Statistics Regulations are subject to civil penalties as authorized by 13 U.S.C. Section 305. (See §30.95)

11. Regulations

Detailed legal and regulatory requirements regarding the SED and its preparation are contained in the Foreign Trade Statistics Regulations (FTSR) (15 CFR, Part 30). Questions concerning the FTSR may be directed to the Regulations, Outreach, & Education Branch Foreign Trade Division, U.S. Census Bureau on (301)457-2238. Up to date copies of
